SB 123 File Reviews

In conjunction with our responsibility as payer and evaluator for the 2003 SB 123 Program, we are reviewing offenders' files for which we have made payments for substance abuse treatment services.

If your treatment facility is randomly selected, we will notify you by email and provide a list of offender names for which we need records.

It is very important to send the requested files in a timely manner.

Thank you for your dedication in providing services and your help in providing information.
